

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is claimed and for which a patent is sought on the invention entitled:

MUTANTS WHICH PRODUCE A POTENTIATOR OF BACILLUS PESTICIDAL ACTIVITY

the specification of which (check only one item below):

☐ is attached hereto

☒ was filed as United States application

Serial No. to be assigned

on May 30, 1995

and was amended

on _____

☐ was filed as PCT international application

Number _____

on _____

and was amended under PCT Article 19

on _____

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, §1.56.

I hereby claim foreign priority benefits under Title 35, United States Code, §119 of any foreign application(s) for patent or inventor's certificate or of any PCT international application(s) designating at least one country other than the United States of America listed below and have also identified below any foreign applications(s) for patent or inventor's certificate or any PCT international application(s) designating at least one country other than the United States of America filed by me on the same subject matter having a filing date before that of the application(s) of which priority is claimed:

Re: Mutants Which Produce a Potentiator)
of *Bacillus* Pesticidal Activity)

DECLARATION AS TO THE DEPOSIT OF A MICROORGANISM

Commissioner for Patents
Washington, D.C., 20231

Dear Sir:

I hereby declare:

1. that I, Martin L. Katz, am the attorney of record in the above-mentioned U.S. Patent Application, (which is a continuation of U.S. Patent Application Serial No. 09/013,375) entitled "Mutants Which Produce a Potentiator of *Bacillus* Pesticidal Activity" filed on May 15, 2001 in the United States Patent and Trademark Office;
2. that a culture of strains EMCC 0086, EMCC 0087, EMCC 0129 and EMCC 0130 has been deposited according to the Budapest Treaty with the Agricultural Service Patent Culture Collection, Northern Regional Research Center, University Street, Peoria, IL,

61604, USA;

3. that the deposit meets the criteria set forth in 37 C.F.R. Sections 1.801-1.809, which deposits designated as deposit Accession Numbers NRRL B-21147; NRRL B-21148; NRRL B-21445 and NRRL B-21444 respectively;
4. that the culture will be available during the pendency of the above-identified patent application to one determined by the Commissioner of Patents and Trademarks to be entitled thereto under 37 C.F.R. Section 1.14 and 35 U.S.C. Sec. 122;
5. that upon issuance of a patent on the above-identified application, all restrictions as to public availability of the culture deposit will be irrevocably removed and that said culture deposit will be replaced should the depository be unable to distribute the sample upon a proper request during the period that extends thirty years from the date of deposit, or the period of the enforceable life of the patent, or the period of five years after the last public request for the deposit, whichever period is longest, with the understanding that the availability of a deposit does not constitute a license to practice the subject invention in derogation of patent rights granted by governmental action; and
